Marlene H. Dortch, Secretary  
Federal Communications Commission  
Office of the Secretary  
9300 East Hampton Drive  
Capitol Heights, MD 20743

Subject: MM Docket NO. 99-325  
I support "Multiplexing" of Digital Broadcasts and why.

Dear Secretary Dortch,

I support "Multiplexing" of Digital Broadcasts. "Multiplexing" will allow our quality station, the Wichita Radio Reading Service (WRRS) to continue to broadcast.

The Wichita Radio Reading Service is a non-profit station that is dedicated to high quality broadcasting. We are given power to broadcast from our big sister KMWU. KMWU is located in Wichita, KS by the Wichita State University. KMWU is a Public Broadcasting Station. Providing high quality educational programs, music and entertainment. It is also a non-profit station. Money is given to the station by contribution and is also non-profit.

WRRS has provided high quality reading services for thirty years. The services are free to visually handicapped and other handicaps that cannot hold or read these much needed materials. The materials are; Newspapers (daily), magazines, books, and other important materials needed by are listeners. We also provide free high quality receivers to our listeners, so they can pick up our station. We currently provide over 1,000 listeners service in nursing homes and private dwellings. We broadcast to Wichita

and surrounding communities of approximately a perimeter of two hundred miles. We are hoping to expand our station to service to more people. WRRS is the only station of its kind in this area to provide these kind of services. Our listeners love our station. Many listeners invite friends and family members to come to their homes just to listen to our broadcast with them.

WRRS provides good will in our community plus high quality educational programming. This station has approximately fifty readers volunteering their time to provide these services.

Currently, I am a volunteer broadcaster once a week and read magazines to my listeners. I have been told over and over again how much my show is enjoyed. I have been a volunteer for fifteen years and I feel I am providing a much needed service to my listeners.

Thank you for your time. "Multiplexing" for us will continue to provide the FCC's goals by providing non-commercial, Non-profit educational broadcasting to Wichita and the surrounding areas.

Sincerely,

*Dorothy Heidelberg*
